About us

The Survivors Network in South Sudan (SUNS) is a survivor-led nonprofit organization dedicated to supporting victims of conflict-related sexual and gender-based violence (CRSV/GBV). We currently work with 3199 women, men, girls, and boys across South Sudan. SUNS exists to provide a safe, supportive community where survivors can heal, rebuild their lives, and lead the movement to end sexual violence.

WORKSHOPS

Communities - local networks, outreach and advocacy from the ground up.

National - Across South Sudan, lobbying and influencing national policies.

International - share resources, knowledge, and support to end conflict-related sexual violence globally

Our Vision

Empower survivors to end conflict-related sexual violence in South Sudan.

Our Mission

To strengthen survivor capacities through awareness, training, and advocacy on:

- Human Rights
- Sustainable Livelihoods
- Gender Equality
- Social Welfare

Our concrete actions

What we provide on a daily basis:

Advocate for justice and survivor rights

Provide psychological (PSS) and livelihood support

Facilitate access to services (Medical and Legal Referral)

Raise awareness via radio and community events

Support children born out of rape (PSS)

Survivors empowerment through education

Follow our actions and support us to foster change through **empowerment.**
